Summary of reasons for classification:

The computer image file printout *A1.JPG* is classified as:
Unrestricted.

The computer image file printout shows a teenage boy, approximately 14 or 15 years old, posing with his upper body bare. His hands are on the open fly of his jeans, exposing part of his abdomen. The image cannot reasonably be regarded as sexual in nature. The publication does not deal with any matters under s3(1) of the Films, Videos and Publications Classification Act 1993, nor do s3A or s3B apply. The publication is therefore unrestricted.

An unrestricted classification places no limitation on the freedom of expression as set out in Section 14 of the New Zealand Bill of Rights Act 1990.
